# Pope Francis Quotes

**Dear children**

**“ I ask you to ensure that humanity is served by wealth and not ruled by it “**

**“In a world, if you want security, let us give security, If we want life, let us give life, If we want opportunities, let us provide opportunities”.**

**“It is not enough to say we are Christians, we must live the faith, not only with our words, but with our actions.**

**"Rivers do not drink their own water. Trees do not eat their own fruit. The sun does not shine on itself, and flowers do not spread fragrance for themselves. Living for others is a rule of nature.**

**We are all born to help each other. No matter how difficult it may seem, life is good when you are happy, but it's much better when others are happy because of you."**

**- Pope Francis**

## **Founder's Heart- Bridging words**

**My Dear children**

**Person with faith carry a tremendous respect around themselves. If you are not a person of faith, people will think of you only as an ordinary woman or man. They will not even consider you as a true human person.**

**A truly human person exhibits in his words and deeds that life does not end with this world but goes a long way beyond this world to where god the father is...**

**Having a God experience is vital in life. Without it, you may live as if you're the master of your destiny, acting as your own boss and disregarding others. This self-centered approach can lead to a life filled with problems and uncertainty. Despite seeking joy, you'll encounter tears; and in pursuit of happiness, you'll find sorrow. This is because you're attempting to assume God's role in your life.**

**- Rev. Dr. Fr.J.E.Arul Raj**
