Pope Francis' Word of Wisdom

The media only writes about the sinners and the scandals, he said, but that's normal because a tree that falls makes more noise than a forest that grows.

I see clearly that the thing the church needs most today is the ability to heal wounds and to warm the hearts of the faithful; it needs nearness, proximity.

Before all else, the Gospel invites us to respond to the God of love who saves us, to see God in others, and to go forth from ourselves to seek the good of others.

You can, you must try to seek God in every human life. Although the life of a person is a land full of thorns and weeds, there is always a space in which the good seed can grow. You have to trust God.

The most important thing in the life of every man and every woman is not that they should never fall along the way. The important thing is always to get back up, not to stay on the ground licking your wounds.

If our hearts are closed, if our hearts are made of stone, the stones find their way into our hands and we are ready to throw them.

We need to remember and remind ourselves where we come from, what we are, our nothingness.

Pope Francis

FOUNDER'S HEART- BRIDGING WORDS

- Ø God is the goal; and community is the means of our salvation.
- Ø Community life is definitely an essential and integral part of religious life.
- Ø Unless you move forward, you will not reach the target.
- Ø The Will of God is revealed to people who are humble.
- Ø Troubling come in our life that we may be strengthened in our faith.
- Ø Lead your life not just in terms of right and wrong but in terms of forgiving.
- Ø Word of God purifies the external situation and also our internal heart

Provincial message

Dear and loving sisters in Christ!!!

I am deeply inspired to reflect on "**The Dark Night of the Soul: A Journey of Transformation**," a necessary experience for everyone, particularly those in a consecrated vocation. This journey reminds me that no obstacle can hinder my joyful pilgrimage with the Lord when I embrace both sides of my being. I am confident that nothing can shake my/your faith in Him. Therefore, let us take few moments to reflect on—

The "**Dark Night of the Soul**" is a profound spiritual experience that many encounter on their journey of faith and personal growth. Coined by the 16th-century mystic St. John of the Cross, this term describes a period of **deep spiritual desolation and existential doubt**. It is a time when one may feel abandoned by God, grappling with intense feelings of isolation, confusion, and despair.

At first glance, this experience can seem overwhelmingly negative. The darkness may feel suffocating, leading to a crisis of faith and questioning the very foundations of one's beliefs. However, it is essential to understand that this phase, while painful, serves a crucial purpose in spiritual development. It is a necessary purification process, stripping away false identities and attachments that hinder our growth.

Just as a caterpillar must endure a period of darkness within the cocoon to emerge as a butterfly, so too must we embrace the darkness to experience spiritual rebirth.

During the Dark Night, we may confront our inner fears and insecurities. It challenges us to let go of superficial understandings of spirituality and to seek a deeper, more authentic relationship with the Divine.

This struggle can lead to profound insights and a renewed sense of purpose.

In this journey, it is vital to practice patience and self-compassion. Remember that feeling lost does not equate to being abandoned. Many saints and spiritual leaders have traversed this path, emerging transformed and enlightened. Support from community, prayer, and reflection can provide solace during this tumultuous time.

Ultimately, the Dark Night of the Soul is not an end but a beginning—a gateway to deeper understanding and connection with the Divine. As we move through this shadow, we learn to trust the process and recognize that, after the night, the dawn will come, bringing with it the light of hope, clarity, and renewed faith.

With this renewed mind, let us celebrate the Feast of Christ the King and enter into the season of Advent with completely purified souls and hearts.

Yours Faithfully
