General Message

Dear Sisters in Christ Jesus

I am very cheerful to invite you all together to reflect upon the Love of God within ourselves and the communities. It is very important to analyze how do we take the Love of God to ourselves, how do we make use of it to oneself, how do we analyze we will know how we activate the love of God within ourselves and the communities. because, the love of God will make us to be happy and inspire us to make communities be happy. The Love of God will make us to welcome everyone to our circle of life . the love of God will simply make us to appreciate the persons with their own goodness and accept the persons with their own weaknesses.

The Love of God in us will certainly make us to keep our face graceful and make us to share the graceful acts for the good of others. The Love of God will make us have true payers to him otherwise the prayers as we feel that we pray will give no meaning. the love of God will make us to be simply in our living generous in moving with others and magnanimous in every of our character .

May we reflect upon the Love of God and imbibe the goodness of God our Father in order to make the Love of God to live in us and in the communities. May the Divine Lord bless all of us and give us the Grace of giving importance for our community which is our fist mission

With Love and Prayers
Sr. Lalitha, DMI

Provincial Message

Dear Friends,

Greetings of joy to each one of you! Of wish you a fervent month of Our Lady of Rosary. Baptized into Christ Jesus, our lives are meant to glow with His presence as well. One way we may grow closer to him is by praying the Rosary. October is the Month traditionally dedicated to the Holy Rosary of the Blessed Virgin Mary.

What consolation the Rosary brings. Remembering the mysteries of Christ's life and Our Lady's life, we repeat Hail Mary after Hail Mary. Indeed, the mysteries of the Holy Rosary- joyful, sorrowful, glorious and luminous- are the mysteries of our own lives as well. As we pray the Rosary, we beg Our Lady to draw us closer to him who is our Light. We remember seeing parents and grandparents so often praying their rosaries, "telling their beads" as some referred to this devotion. We remember as well that for many saints the Rosary was an indispensable part of their daily prayer.

Praying the Rosary every day is a beautiful tradition that we have inherited from our families. It is saddening to see the negligence of this best practice in our modern families as well among religious communities. Our Holy father, Pope Francis, reminds us that praying the Rosary prepares our hearts to receive God's grace and teaches us to place ourselves in the hands of God, allowing him to guide our steps along the path of our faith journey. Let us pray the Holy Rosary fervently with dedication and love to praise God with our Blessed Mother, queen of the Holy Rosary.

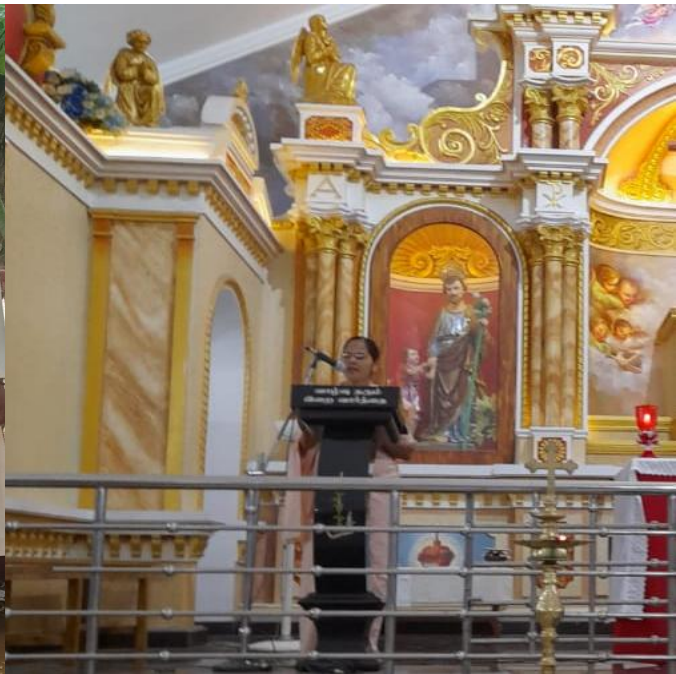

May God bless us !
